The standard printer repair time is approximately seventeen business days. We offer accelerated repair service (five business days) for a \$60 rush charge. Please check the adjacent box if you would like to purchase the accelerated repair service. Rush

All printers are to be returned with the originally supplied BOCA box and shipping materials to prevent shipping damage. Customers returning printers without a full set of shipping materials will be invoiced an additional \$25.00 to cover the costs of new packaging materials.

Printers are to be returned with all internal parts present plus the cover. External parts such as hoppers, power cords, top plates and interface cables should NOT be returned. Please include a small stack of tickets to assist in identifying the problem.

Please check off the appropriate boxes if any of these special conditions apply:

AC Cord <input type="checkbox"/>	BOCA box <input type="checkbox"/>	warranty repair <input type="checkbox"/>
top plate <input type="checkbox"/>	data cable <input type="checkbox"/>	service plan <input type="checkbox"/>
hopper <input type="checkbox"/>	missing cover <input type="checkbox"/>	BOCA tickets <input type="checkbox"/>

Description of the Observed Problem

All repairs will be billed according to the following flat rate schedule. These prices assume the presence of all parts. All missing parts will be invoiced individually. The print head is excluded from the flat rate pricing and will be billed as a separate item in addition to the repair cost. (Printers under warranty or on maintenance plans are excluded from the price schedule.)
